

Braintree Payment Module

Our Braintree module includes support for the following Prestashop versions

- Prestashop v1.6
- Prestashop v1.7

In order to provide a module that works across all of those versions, it became necessary to create different versions of the module.

Please use the information in the Grid to determine which module file to use on your Store.

<i>Prestashop Version</i>	<i>Module Version</i>
<i>Prestashop v1.6</i>	braintree_v2.4.1.zip
<i>Prestashop v1.7</i>	braintree_v3.1.1.zip

ThirtyBees is now also supported!

<i>ThirtyBees Version</i>	<i>Module Version</i>
<i>v1.0.1</i>	braintree_v2.4.1.zip
<i>v1.0.2</i>	braintree_v2.4.1.zip
