

Valitor Payment Module

Our Valitor module includes support for the following Prestashop versions

- Prestashop v1.5
- Prestashop v1.6
- Prestashop v1.7

In order to provide a module that works across all of those versions, it became necessary to create different versions of the module.

Please use the information in the Grid to determine which module file to use on your Store.

Prestashop Version	Module Version
Prestashop v1.5	valitor_v1.2.1.zip
Prestashop v1.6	valitor_v1.2.1.zip
Prestashop v1.7	valitor_v2.0.0.zip
